

Dear FCC,

I strongly oppose any changes to Indiana's current Telephone Privacy Law. We used to receive at least one call per evening right at supper time and that, to me, it obstructing our family time. Most every call was from a solicitor. It was almost impossible to get a word in to state that there was no interest; most of the time we had to hang up on the person to get them off the line. Please take these thoughts into consideration when reviewing an change. Thank you,
